

H1N1 Flu Vaccination Clinics: Expanded to all children, youth, and adults

Washington County Department of Public Health and Environment is offering nine H1N1 flu vaccination clinics throughout the month of January. **Clinics are open to ALL PERSONS wishing to be vaccinated against the H1N1 influenza virus. There is no charge for the vaccination.**

Children 9 years of age and younger need two doses approximately 4 weeks apart. This is a good opportunity for young children to receive a second dose, if they had their first dose in late November or early December.

H1N1 Vaccination Clinics

Reserve your vaccination by calling the Flu Message Center at 651-430-6820

All clinics will run from 3 p.m. to 6 p.m.

See reverse for maps & directions

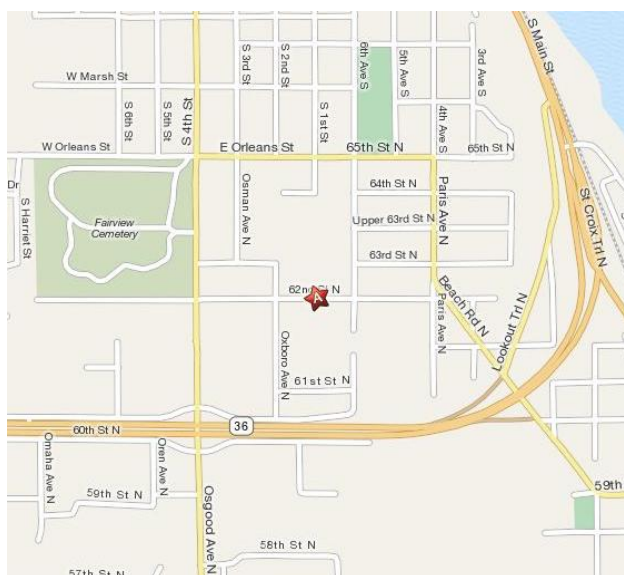

- Washington County Government Center, Stillwater
Wednesday, January 13th
Wednesday, January 20th
Tuesday, January 26th
- Headwaters Forest Lake Service Center, Forest Lake
Thursday, January 7th
Tuesday, January 12th
Monday, January 25th
- Cottage Grove Service Center, Cottage Grove
Wednesday, January 6th
Thursday, January 21st
Wednesday, January 27th

Special Instructions:

- A parent or legal guardian must be present with any child younger than 18 years of age. You will be required to review and complete a consent form at the clinic.
- The nasal spray (Flu Mist) and injectable vaccine will be available at this clinic for appropriate targeted groups. The nasal spray version of the vaccine is safe, painless, effective and easily administered.
- Vaccine Information Sheets (VIS) are attached for your review. These sheets describe the two types of vaccine.
- All are welcome; Washington County seeks to serve residents with financial need including those who are uninsured or underinsured.
- Residents that have health care insurance may consider vaccination through their primary care provider.
- Call 651-430-6820 for updated clinic information or visit www.co.washington.mn.us/flu
